DP475™

**SECAP® DP475™
DIGITAL MAILING SYSTEMS**

A MAILING SOLUTION FOR INCREASING PRODUCTIVITY

Advanced Power

Time is of the essence. And there never seems to be enough of it in a day. Getting your mail out the door and to its destination shouldn't be a chore. It should be an effortless process that can be integrated into your business operation, keeping noise levels low, taking up little space, and creating no disruptions. It should have an advanced level of technology that is easy for everyone to use, with capabilities you can count on.

Enter the DP475™ Digital Mailing System. The system collaborates with you to help you communicate effectively with your customers and meet your mailing deadlines. It has loads of cost saving capabilities like Shaped Based Rating, Weigh-On-The-Way® (WOW) and access to a full range of USPS® Special Services, powered by Intellilink® technology.

What's WOW?

Weigh-On-The-Way® (WOW) technology- Eliminates the sorting mail pieces by weight and size with in-line weighing. Process up to 80 letters per minute in WOW mode. Shape Based Rating accurately determines the rate for each piece of mail based on its length, width, thickness, and weight - all in compliance with USPS® regulations.

Intellilink® technology - Lets you update your system with the latest software and postage rates through the touch of a button. The Control Center is user-friendly, and helps guide you through as you process your mail.

Built-in savings - The DM475™ system gives you access to USPS® Commercial Base Prices for Express Mail® and Priority Mail® for savings up to 5% off retail rates.

Accountability - Expanded accounting capabilities to increase your productivity with the option of Budget Manager (Handles up to 1,500 accounts), Business Manager, or INVIEW™ Accounting. Print reports or export data to a PC or to the Web.

Unrivaled efficiency

- Get electronic access to a full range of USPS® Special Services, including Confirmation Services and electronic Return Receipt at reduced rates (compared to retail)
- QWERTY keyboard for fast and easy operation with full color display
- Download postal updates, software upgrades, postal inscriptions and graphics

My Account

Get online access to your account information when you need it. We make it easy to account for all your postage expenses.

- Choose how to pay for postage, get a postage advance, or earn interest on the balance in your Reserve Account.
- Get online access to your account information at My Account and track payment history, monitor meter activity, pay bills, order supplies and request service.

Constant Connection

To access postage and software downloads, there's no need to move the mailing system or to install a phone line. Simply connect to a local LAN connection and you'll get:

- 24/7 access to download software upgrades and postage
- The ability to upload Confirmation Services transactions for convenient mail piece tracking
- Painless access to USPS® rate updates

Promoting Business

Use your mail to advertise. The DP475™ Digital Mailing System comes with 10 standard envelope ads and 12 postal inscriptions. You can download additional ads and inscriptions directly into the Intellilink® Control Center.

DETAILS - DP475™ DIGITAL MAILING SYSTEM

1. Self-Aligning Feed System with Maximum Flexibility

Envelopes are fed straight to protect the contents, yield precise postage printing, and guard against wasted postage. The durable stainless steel deck provides smooth handling of materials ranging from post-cards to 13" x 15" flats and a thickness of up to 5/16".

2. Automatic Processing

Feed, sealing and imprinting postage on up to 120 envelopes per minute. Helps to quickly and efficiently manage large mailings.

3. Tip-To-Tip Sealing Protects Envelope Contents

Pressure and transport rollers work together to provide a positive seal securing contents of the envelope.

4. Weigh-On-The-Way®

In line weighing eliminates sorting pieces by weight and size. Each piece is weighed and measured and the proper postage is applied.

5. Easy Access To Postage Tapes

Manage envelopes and parcels. The self-adhesive roll tape dispenses cut-to-size tape eliminating waste. The auto tape feature allows the system to automatically generate a tape for heavier mail when it is placed on the scale, new tape is replaced quick and easy.

6. Integrated Weighing Options

Choose from several integrated weighing options to enable easy processing of correct postage on individual, oversized pieces. Optional 10lb. integrated weighing platform shown.

7. Control Center Offers Easy Set Up And Processing

All the system's functions, including updates, are activated and controlled from a central point. A user friendly crisp, color graphics display provides clear instructions for system set-up and processing functions.

- **Job memory** - Store up to 10 routine jobs.
- **Online service access** - USPS® Special Services, including Delivery Confirmation™, Signature Confirmation™, and Electronic Return Receipt Mail
- **Convenient updates** - Obtain postage 24/7 and handle rate changes more easily with automatic updates.
- **Rate selection** - Select the most effective and economical USPS® domestic and international postage rates.

8. Stacking Capacity For Efficiency

Neatly stacks mail for optimum productivity.
